A THOUGHT FOR THIS WEEK

So many people have memories marked by a lack of affection and bitter disappointments caused by those who should have given them love and instead orphaned their hearts. We would like to go back and change the past, but we cannot. God, however, can heal these wounds by placing within our memory a greater love: his own love. The Eucharist brings us the Father's faithful love, which heals our sense of being orphans. It gives us Jesus' love, which transformed a tomb from an end to a beginning, and in the same way can transform our lives. It fills our hearts with the consoling love of the Holy Spirit, who never leaves us alone and always heals our wounds."
